

Construction update 4: 111-117 Marylebone High Street Issue 4

Welcome...

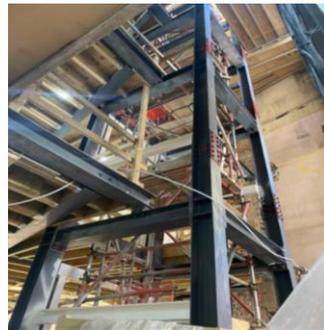

Welcome to the fourth edition of our Construction Update for the project at 111-117 Marylebone High Street

What is happening?...

The landlords of the property, Dorrington, has appointed Forcia as the main contractor to extend and redevelop the existing residential properties which form the block along Marylebone High Street between Blandford Street to the south and St. Vincent Street to the north.

This includes a large four storey steel frame extension to the rear of the property above the store and restaurants below which will remain open for business throughout.

The Covid 19 pandemic has had an impact on this project, the project management team are doing everything possible to mitigate delay. The project is due to be completed in Early 2021.

The build will include a new dedicated entry on Blandford Street with elevators serving the floors within including the penthouse apartments.

Moving forward this month...

As can be seen from the photos, we are rapidly progressing with the structural works and have commenced the fit out stage.

Meet the team...

Management – Florin Onea
– Mike Ewing

Foremen
– Marius Panait
– Daniel Ruscior

And finally...

Thank you for your ongoing patience during the works. Please do not hesitate to contact us should you have any concerns.
